Letter of Collaboration

We would like to extend your partnership proposal with your prestigious organisation. We thoroughly analysed your activity and organisation requirements and we strongly feel that this partnership will be mutually beneficial to both our organisations. At International Association of Police, we serve local and international security initiatives and participate in different charitable activities.

Therefore, we have accepted your partnership proposal for your organisation.

I suggest that both our organisations may display, use the logos and insignias based on the principle of reciprocity. We firmly believe that this partnership will prove to be a wonderful opportunity for both our organisations to prosper together. We eagerly look forward for a positive response from your end.

Thanking you.

Best Regards,

In Novi Pazar, 10.11.2022.

President IAP

Adis Dazdarević
